

the knowledge to produce solutions

high temperature product guide

high temperature

product guide

ceramic fibre blankets

Carborundum - Kerlane

- Durablanket
- K45 / K50
- Zirlane

Others

- Kaowool
- Cerablanket
- Zirconia
- Cerachem
- Maftec

ceramic fibre boards

Carborundum - Kerlane

- Duraboard
- Keranap
- Cartolane

Others

- Kaowool
- Standard
- Strong
- Ceraboard

ceramic fibre paper

Carborundum - Kerlane

- 970 Range
- 880 Range
- FT Range
- 50/60 Range
- Protecta Tape

Others

- TFP Range
- High Strength
- High Temperature

ceramic bulk fibre

- Standard
- Regular
- Chopped
- Washed

ceramic fibre felts

Carborundum - Kerlane

- Fiberfelt
- Lo Con
- Moist Pack
- Pyronap

Others

- Cerafelt
- Moist Felt

ceramic fibre vacuum formed products

- Cones
- Boards
- Riser Sleeves
- Various Shapes

ceramic fibre modules

- Veneer
- Fixed

Carborundum - Kerlane

- Anchor - Loc
- Bonded
- Mullite
- Prismo

Others

- Unifelt
- Pyro - Bloc

ceramic fibre coatings and mixes

Carborundum - Kerlane

- QF 180 White / Blue
- QF 150 White
- Fibermastic
- LDS Moldable
- Fraxfil
- Fiberfix Adhesive
- Rigidiser: Blue / Pink
- Variform - Castable
- K1210 Castable
- KUB Castable

Others

- Hardener
- Cement
- MasticFixwall Range

ceramic fibre launder sections

- Various compositions

speciality glass fibre insulation

Carborundum - Kerlane

- Insulfrax
- (Blanket, Board, Felt and Paper)

Others

- Superwool
(Blanket, Block, Board and Paper)
- Firemaster X607
(Blanket, Board and Paper)

high temperature product guide

calcium silicate

- Section
- Slab
- Radiused and bevelled segments
- Various compositions

specialist boards

- Asbestos
- Duratec
- Tenmat
- Isoplan
- Microtherm
- Millboard
- Monolite
- Monolux
- Nefalit
- New Tacfire
- Non-Asbestos
- Sindanyo
- SRBP
- Supalux
- Vermiculite
- Vicuclad

loose insulation

- E-Glass
- Micafil
- Mineral Fibre
- Saffil
- Vermiculite

mineral fibre

- Conlit
- Fibrebatts
- Mattresses
- Rolls
- Slab

cellular glass

- Foamglas

protective clothing

- Gauntlets
- Fire Proximity Suits
- Kevlar Gloves
- Mitts
- Nomex Clothing

textiles - ceramic fibre & glass

- Braids
- Cabled rope
- Cords
- Ladder Tapes
- Plaited Packing
- Rope Lagging
- Sleeving
- Twisted Rope
- Webbing Tapes
- Yarns

cloths - woven fabrics

- Aramid
- Carbon
- Ceramic Fibre
- Fibersil
- Glass
- Silica
- Quartz

finished glass cloths

- Admiralty Grade
- Aluminum Film
- Aluminum Foil
- Graphited
- Plain - Weave-locked/
Loomstate
- Proofed
- PTFE
- Silicone Coated
- Vermiculite

tailor made products

- Actuator Boxes
- Bellows
- Compensator
- Cut Gaskets - Shapes
- Fire Blankets
- Fire Stop Seals
- Flame Shield Mats
- Flexible Connectors
- Multi lag Valve and Flange
Covers
- Tadpole Tape
- Welding Curtains

other products

- Air settings mortars
- Carbon Bonded Carbon Fibre
- Insulating Fire Bricks
- Insulating Concretes
- Mica Paper
- Miglasil
- Needled Glass Mat
- Refractory Cement

about dctech

Dynamic Composite Technologies, or as we are now known DCTech, has been serving the Australian building industry with an extensive portfolio of technically advanced thermal insulation, geotextile membranes, rainscreen cladding brackets and fibreglass reinforced plastic wall and ceiling liner panels - which have been tried and tested to Australian building codes and standards.

This diverse portfolio provides DCTech with the ability to consider the building envelope holistically and hence develop a 'total system solutions' for a wide range of building applications. DCTech total system solutions incorporate high-performance building materials and innovative solutions which are designed to meet the continuously evolving requirements of the Australian building industry.

DCTech total system solutions address the risk of interstitial condensation, affords BCA, NCC and Greenstar compliant thermal efficiency and optimum acoustic and fire performance.

Ensure you specify the right system for the right application, look for the orange 'Powered by DCTech' stamp of approval.
